## **SunRail Train Activity This Weekend**

***City of Orlando*** – SunRail is performing maintenance work at the Colonial Drive (State Road 50) grade crossing this weekend. As part of this activity, drivers and passersby can expect to see testing with SunRail trains this Sunday, Jan. 27 on the railroad tracks between AdventHealth Station to the Church Street Station. Testing could occur on either track. The testing time will last for approximately six hours during the afternoon.

Those attending downtown venues on Sunday should note that these trains will neither transport, nor pick up passengers. The testing is related to work to enhance functionality and safety at the rail crossing at Colonial Drive.

Please be careful around trains, railroad crossings, and while at station platforms. Be smart. Be safe. For more information about SunRail, including fares, schedule and station locations, please visit [www.sunrail.com](http://www.sunrail.com).
