

LET'S GO FOR ZERO

DISTRACTIONS / COLLISIONS / TRESPASSERS

IT'S TIME TO RALLY BEHIND RAIL SAFETY, CENTRAL FLORIDA!

Every collision at a grade crossing is preventable. Keep yourself and others safe by driving, biking and walking with extraordinary care around railroad tracks. Together, we can save lives.

KEEP OFF TRACKS

Do not stop on the tracks and make sure the back of your vehicle is not hanging over the rails.

STOP FOR GATES

Gates are there for your safety. Trains can approach quickly from either direction at any time.

AVOID DISTRACTIONS

Be aware of your surroundings. Put the phone away and pause the music for a few seconds to cross the tracks safely.
